Guitar Fretboard Notes Chart

Standard tuning, open strings to fret 12 · every fret is a half step

richterguitar.com/guitar-fretboard-notes

Natural notes · Sharps / flats · The musical alphabet: **A A♯ B C C♯ D D♯ E F F♯ G G♯ A**

Every fret is a half step

Two frets make a whole step. Count up from the open string, one note of the musical alphabet per fret. Fret 12 is the octave: the open string's note again.

No sharp between B–C and E–F

They're already a half step apart, so they sit on neighboring frets. Black-key notes have two names: A♯ is the same note as B♭.
